**CITY OF LAKE STEVENS
CITY COUNCIL WORKSHOP MEETING MINUTES**

Tuesday, July 6, 2021, at 6:00 p.m.
By Remote Participation via Zoom

CALL TO ORDER: 6:00 p.m. by Mayor Brett Gailey

ELECTED OFFICIALS PRESENT: Mayor Brett Gailey, Councilmembers Kim Daughtry, Gary Petershagen, Shawn Frederick, Mary Dickinson, Anji Jorstad and Steve Ewing

ELECTED OFFICIALS ABSENT: Marcus Tageant

STAFF MEMBERS PRESENT: City Administrator Gene Brazel, Finance Director Barb Stevens, Community Development Director Russ Wright, Public Works Director Eric Durpos, Police Chief John Dyer, Human Resources Director Anya Warrington and City Clerk Kelly Chelin

Call to Order:

Council President Daughtry called the meeting to order at 6:00 p.m.

All Councilmembers were present except Councilmember Tageant.

Cannabis Business License Fee

Director Wright explained that the March 16 and March 30 meetings, the Mayor and staff briefed City Council on proposed changes to the City's business license code to create a business license fee for cannabis (marijuana) businesses based on gross square footage.

Council wanted to complete other cannabis related amendments and review fees from other communities before acting on this ordinance. City Council approved new caps and restrictions on production and processing facilities at its June 8, 2021 meeting. Cannabis facilities are capped at 17,000 square feet for processors; and 54,000 square feet for producers.

The proposed business license fee would start at \$6.00 in 2021 and escalate annually up to \$9.00 in 2024. At \$6.00 a square foot, this fee would generate \$406,476 for current facilities (53,546 square feet producers and 14,200 square feet processors). At buildout this fee would approach \$639,000 (71,000 @ \$9.00). Attachment 2 in the Council packet, prepared by Toyer Strategic Advisors, shows license fees imposed in different cities in California. No Washington examples are available. These fees vary greatly but most exceed the proposed license fees anticipated in Ordinance 1117. This fee would apply to producers and processors.

A special business license fee is proposed for several reasons. 1. Since cannabis production was legalized in Washington State, local communities have not received proportionate compensation from these businesses to address public health and safety issues such as increased nuisance complaints, police calls and code enforcement issues disproportionate to other business classifications licensed in the City. 2. Cannabis processing facilities are land intensive but add fewer jobs than other types of industrial uses, which limits the City's ability to meet growth targets for job production – land intensive uses are discouraged in the Comprehensive Plan. 3. Cannabis facilities in Lake Stevens are in proximity to the Centennial

Trail, a regional tourist draw for the City and County, which has the potential to discourage trail users from visiting and shopping in Lake Stevens and may affect economic development and investment in these industrial areas. The City proposes to collect local fees and set these aside for costs and expenditures associated with complaints concerning nuisance odors, code violations and the safety of persons using the Centennial Trail,

In addition, this fund could be used for infrastructure improvements that promote economic development and diversification of uses in the City's industrial areas. Staff is looking for final direction from Council on the proposed ordinance and draft fees before returning Ordinance 1117 to Council for its action.

Mayor Gailey spoke in favor of this Ordinance. Council engaged in a discussion.

Note: Councilmember Frederick arrived at 6:25 p.m.

Council asked staff to gather further information and this item will come back to a future meeting.

Public Hearing:

Ordinance 1121 Adoption of Lot Status Regulations

Planner Gassaway explained that LUA2021-0001 is a city-initiated code amendment that would create codified regulations for legal lot status determinations. Legal lot status must be confirmed before the city can approve applications or actions related to land development, property division, or boundary line adjustments. Since 1989 lot status determinations have been regulated through a City Administrative Policy, which lacks a codified framework and decision criteria on which these determinations are made or an avenue for appeal.

On March 3, staff introduced the Planning Commission to the proposed amendment, which would add a new section related to legal lot status to Chapter 14.16C LSMC (Land Use Actions, Permits and Determinations), with a definition to be added to LSMC 14.08. Staff presented a revised draft of the code on April 21 and then again on May 5 after the code was reviewed by the City Attorney.

The Planning Commission held a Public Hearing on June 16 and recommended approval of the proposed amendment after discussion and deliberation. No public testimony was provided. The code amendment shown in Ordinance 1121 establishes the application process, submittal requirements, decision criteria, methods for appeal, and alternative methods for determining lot status for new LSMC Section 14.16C.078 and adds definitions for "lot of record" and "lot status determination" to LSMC 14.08. The proposed code language also allows for lot status determinations to be reviewed concurrently with a building or land use permit, without requiring a separate Type I land use application. Alternative methods for determining lot status are included to provide relief in situations where properties were divided through tax segregation,

deed, or fee simple transfer purchase but the lot in question meets the minimum zoning standards in Title 14.

Mayor Gailey opened the public hearing at 6:42 p.m.

There were no comments from the audience.

Mayor Gailey closed the public hearing at 6:42 p.m.

Council and staff discussed the Ordinance.

MOTION. Councilmember Daughtry made a motion, seconded by Councilmember Frederick, to approve Ordinance 1121 Adoption of Lot Status Regulations. The motion passed 7-0-0-0.

Action Items:

Ordinance 1122 Amendments to Code Enforcement Process

Building Official Mumma explained that as a follow-up to the Council session on June 22, 2021, staff is providing proposed amendments to LMSC Title 17, regarding enforcement of violations of municipal code. Staff has also proposed amendments to existing sections of Titles 8, 9, and 14 which are necessary to align with the changes to the enforcement provisions in the proposed Title 17. The goal of the amendments is to streamline the enforcement process and complete general housekeeping of the code. These amendments are aimed to clarify the enforcement process, remove conflicting code provisions, and create additional enforcement tools for efficiency in resolving violation cases. The provisions in Title 17 of the Lake Stevens Municipal Code are dedicated to the enforcement of criminal and civil violations of municipal code.

However, there are currently conflicting provisions for enforcement and penalties in at least three other titles, Chapters 8, 9, and 14. By combining and repealing existing provisions staff believes the enforcement process will be more effective. The City will retain the primary goal of advocating voluntary compliance as the preferred outcome, while still maintaining the authority for monetary penalties, advanced enforcement, and abatement by the City where voluntary compliance cannot be achieved.

MOTION. Councilmember Ewing made a motion, seconded by Councilmember Tageant, to approve Ordinance 1122. The motion passed 7-0-0-0.

American Rescue Plan Act Funds

Director Wright reported that the City will receive \$9.466 million in federal funds from the American Rescue Plan Act (ARPA). Under the new ARPA program, funds can be used for the following:

- Compensate cities for lost revenues
- Necessary investments in water, sewer, or broadband
- Assistance to households and low-income communities
- Assistance to small business or non-profits
- Assistance to impacted industries such as travel, tourism and hospitality
- Employee pay and premium pay for essential workers

In 2020, the city used CARE funds to provide grants to small businesses and non-profit entities, purchase personal protective equipment for staff and cleaning equipment for city facilities amongst other items and hazard pay for essential workers. Management staff has met with the

Mayor, Council President and City Administrator to discuss priority uses for the American Rescue Plan Act funds. The following programs have been identified for ARPA allocations:

1. Fund positions (see staff report from Director Warrington)
2. Capital investments and planning for stormwater improvements, water improvements, sewer and broadband communications including Hartford / Machias area, 91st/24th improvements, Main Street improvements, Lake outfall, etc.
3. Fund process improvements and software to reduce in person meetings such as launching the CivicRec program for scheduling rentals.
4. Additional direct assistance for non-profits such as the food bank. Funds must be committed by Dec 31, 2024 and spent by Dec 31, 2026.

MOTION. Councilmember Frederick made a motion, seconded by Councilmember Dickinson, to authorize the Mayor to disperse the APRA funds as recommended. The motion passed 7-0-0-0.

American Rescue Plan Act (ARPA) Funded Positions

Director Warrington explained the need for two Custodian positions within Public Works, a reclassification of part-time HR Technician to full-time and a limited duration ARPA Coordinator (Consultant).

Council and staff engaged in a discussion.

MOTION. Councilmember Daughtry made a motion, seconded by Councilmember Ewing, to authorize City staff to pursue entering a Professional Services Agreement for ARPA Coordination, to authorize the establishment of two Custodian positions within Public Works and authorize the reclassification of part-time HR Technician to full-time. The motion passed 7-0-0-0.

PACE Engineering for a Feasibility Study for Lake Stevens Regional Septage Receiving Treatment Facility

City Administrator Brazel explained that in late 2019, the Lake Stevens Sewer District fulfilled the requirements of the closure plan dated October 2018 and addendum dated March 2019 for the decommissioning of the wastewater treatment lagoon located at 500 Sunnyside Blvd, Lake Stevens Washington to State of Washington Department of Ecology satisfaction. This property was then Quit Claim Deed to the City of Lake Stevens by the Lake Stevens Sewer District on April 26, 2021. The City has met with the Sewer District and identified numerous potential uses of this site including but not limited to, Interpretive Trails, Drone Park, Soccer Fields, Disc Golf, Dog Park, wetland habitat work, H2O Ski Park, Remote Control Boats & regional septic receiving treatment facility. Some of the site challenges identified are, access to and from Sunnyside Blvd, driveway needs structural improvements, site floods, permitting challenges, zoning, neighborhood impact and ongoing financial impact on the City of Lake Stevens.

To support the Lake Stevens City Council vision of Hartford Industrial area, the City has engaged in conversation with Evergreen Sanitation about the possibility of relocating operations to this site. Benefits, should Evergreen relocate, would free up development space in Hartford Industrial. Currently, discharge from Evergreen Sanitation is pumped from the Hartford location through several lift stations to the WWTP located on Sunnyside Blvd. Less pumping will result in lower District operating cost and wear on the lift stations. There's a potential Evergreen could increase discharge amounts to the sewer system if approved by the District. Finally, if

Evergreen could expand, this would help the region giving Snohomish County septic haulers a local dump location verses driving to dump locations in King County. Local dump site option will help reduce the carbon footprint. Next step is to execute the PACE contract. Once the contract is executed, PACE will begin work starting with a stakeholders meeting, to include the City and Sewer District and other agencies and parties of interest.

Council and Staff engaged in a discussion.

MOTION: Councilmember Ewing made a motion, seconded by Councilmember Jorstad, to authorize the Mayor to sign a professional services agreement with PACE engineering to prepare a feasibility study for a Lake Stevens Regional Septage Receiving Treatment Facility, not to exceed \$74,000. The motion passed 7-1-0-0 with Councilmember Dickinson opposed.
