

GET CREATIVE, PLANT NATIVE.

New cost share program to help you fulfill your dreams of a native plant garden!

Snohomish Conservation District and the City of Lake Stevens are providing a limited-time cost share opportunity to encourage lake-friendly landscaping. **It's first come, first-served!**

UP TO
\$250
REIMBURSED

What types of plants qualify?

Native plant species and native cultivars qualify for this program. You don't have to plant trees!

Does it matter where I plant them?

One of our conservation specialists will work with you to create a planting plan. **You'll need to be pre-approved** for this opportunity!
