

# ROAD CLOSURE NOTICE

The City of Marysville, in coordination with the City of Lake Stevens, will be constructing a new mini-roundabout at the intersection of Soper Hill Rd and 83<sup>rd</sup> Ave NE. This project is located within both Marysville and Lake Stevens city limits. To improve contractor and public safety, reduce the amount of impact to the travelling public, and realize a cost savings to the City, a three week closure will occur at this intersection. This closure will be in effect from Tuesday, May 19, 2020 to Thursday, June 18, 2020. Reader boards in advance of the closure will notify motorists and detours will be in place for the dates of the intersection closure.

This project is being managed by the City of Marysville and constructed by Reece Construction. For questions and/or comments regarding the project and road closure, please notify:

Reece Construction Project Manager Sasha Conner, 425.501.5799  
 Reece Construction Superintendent Mark Stanavitch, 425.328.4050  
 City of Marysville Project Engineer Kyle Woods, 425-344-1505  
 City of Marysville Engineering Technician/Inspector, 425-740-4909
